

# Therapeutic Community

*The Asian American Drug Abuse Program (AADAP) Therapeutic Community is a client-centered SUD treatment program based on the TC model of treatment integrated with a chronic disease medical model assessment. It emphasizes five interrelated facets of living: values, decision-making, attitude, self-direction, and lifestyle.*

## Services offered:

- Comprehensive ASAM screening and assessments
- Individual counseling & evidence based approaches
- Case management and referrals
- Family Support Groups
- Group services such as Life Skill classes, Nutritional Health classes, Wellness Group, Anger Management, and etc.
- Recovery Support Services & After Care
- And many more!
